

PORTABLE AIR SUPPLY UNIT

PROVIDING CLEAN, AND ODOURLESS AIR FOR SCENTROID'S SC300 + SS400 OLFACTOMETER UNITS

This Ultra Quiet & Oil-Free Air Compressor within a Sound Proof Cabinet is designed to be one of the quietest air compressors in the industry having only 58 decibels of sound. The 2 HP ultra-quiet air compressor motor operates at only 1680 RPM. All of its associated intercoolers, filters, and pressure regulators are built into a easy to carry hard watertight and shockproof case for easy transportation.

The Dual Piston pump designed to have a life cycle before wear of 3000 Plus hours compared to other comparable air compressors with life cycles of 500 hours or less.

Noise Level	Ultra quiet at only 58 decibels
Oil Free Pump	Pump produces cleaner air for better operation
Maintenance	Reduced maintenance and costs
Pressure Control	Easily adjustable with two pressure gauges
Starting Amperage	Easy Start Valve for less starting Amperage
Additional Protections	Condor Pressure Switch, and Thermal Overload
Maximum Pressure	125 PSI
Voltage	220v / 50 - 60Hz / Single Phase
Amp Draw	Low Amp Draw at 14 Amps
Time to Fill Tank	150 Seconds from empty to full
Recovery Time	40 Seconds from 100 PSI to 130 PSI
Duty Cycle	70/30
Running Time	Max. Running time at 30-60 m
Temperature	Less heat, which dissipates more efficiently
Air Tank	20 Gallon Steel with Sound Proof Cabinet and Swivel Caster wheels
Size & Weight	L (26") x W (30") x H (39.5"), 221 lbs
Warranty	Limited 1 Year
Manufacturer Location	Assembled in North America
Plug Type	Nema 6-15p

The Automatic Drain Valve has been designed to eliminate manually draining your air compressor air tank. The manually set timer allows you to set the time for both the frequency and duration of the draining process . (Factory Pre-Set)Built for the person looking for Power, Air Flow, Less Service and Maintenance with at Least 30% Less Noise!
